Age: 63

Occupation: Lead Program and Resource Analyst for the Communications and Information Technology Directorate at Hill Air Force Base

Web site (if applicable):

Message (200 Word Maximum):

I have been employed by the Department of Defense for over 29 years. I began my Government Financial Management career at Royal Air Force Base Upper Heyford, in England. I worked in the Comptrollers Division managing and paying multimillion dollar contracts for the US Navy. Prior to my Civil Service career, I worked in a variety of private industry jobs all relating to Financial Management and Comptrollership. I earned a Bachelor of Science/Business Accounting degree in 2004 from the University of Phoenix.

In May 2000, I became a board member of the American Society of Military Comptrollers (ASMC). I served in the position as ASMC Community Volunteer Coordinator, organizing some fun volunteer projects with the local community and the Hill ASMC Chapter.

In 2017, I volunteered for and deployed to Afghanistan on a Civilian Expeditionary Workforce Program (CEW). That was the most rewarding volunteer opportunity for me.

I appreciate the opportunity to represent the Honeyville community by sharing my experience and knowledge of budget and finance. I promise to engage with the community and encourage community participation in decision making while considering the needs of the people currently living in Honeyville.
