Occupation: Retired Project Manager, Utah Department of Transportation

Hello to my Honeyville Community and Friends

My name is David Forsgren - I am running for City Council and I am asking for your vote. My wife Yvonne and I have resided in this beautiful City for over 50 years- we raised our five children here and we care deeply about Honeyville and about what the future looks like here going forward. My goal is to help keep our great little Community a great place to live. Having served in City government for over 30 years, I have had the experience needed to make good sound decisions for the benefit of the Citizens here. I also have the time needed to devote to the business of the City. I believe I will make a difference for good. I ask for your vote. I promise to give my best effort.

Sincerely Yours,
David Forsgren
