Dairy Farmer

Message :

I am seeking a four-year term as city councilman. I was raised in Honeyville and after serving a mission and attending USU, I returned to Honeyville with my wife Shelly to begin our family, raising the 5<sup>th</sup> generation of Honeyville Gardner's, alongside my dad and brother on our family dairy farm. Shelly and I have been married for 22 years and have four children. I have had the opportunity to serve on the planning and zoning commission and one term on the city council. I am proud of the work that has been done and would like to see ongoing projects through. Being a dairy farmer, I have a love and appreciation for agriculture, and I want to see the agricultural nature of our community preserved. I have a deep love for this community, and I believe that a common-sense problem-solving approach is what's needed. I want to help preserve the integrity and character of our town, to ensure a continuing close-knit community for my family, neighbors, and friends beyond this generation. I feel a desire to serve the people of Honeyville, returning the service shown to me and my family over the years.
